

Curaçao

You are being sent by your physician or medical specialist for a medical treatment or examination to Curaçao. It is important that you are well informed when you depart. For this reason, the ZVK asks you to read this folder thoroughly. If you still have any questions after reading, we will be happy to discuss them with you. In this folder, we explain the course of your medical referral, who will be involved and with whom you can take up contact. On Curaçao, the ZVK purchases selective specialist care.

Your trip

The ZVK will make arrangements for your trip in connection with your medical referral with special charter flights. The brochure "ZVK Charter Flights" will tell you how long before departure you must be at the airport. Your travel documents, as well as the documents related to your consultation or treatment, can be picked up at the ZVK office on your island.

Accommodations

If you must stay on Curaçao for your treatment, the ZVK will book a hotel on the basis of lodgings. All hotel accommodations are equipped with the conveniences for a comfortable stay on the island, also if you are required to stay for a longer period. For example, adjusted toilets and a kitchenette. These facilities must be requested beforehand and, subject to availability, will be arranged for by the ZVK. If you have a companion, he or she will stay in the same room. If you wish to have a room with separate beds, you can inform the ZVK.

Transport

The ZVK has made arrangements for your transport from the airport to your appointments and/or accommodations. You may choose – at your own expense – to take a taxi, use public transport or hire a car. If you wish to use the free transport, you must request this at least two days beforehand. Special transport and/or wheelchair transport will be arranged for you by the ZVK. This transport will be provided by the Stichting Revalidatie Centrum Curaçao (if you will be admitted there), the Stichting Witgele Kruis or the Catharina Care Foundation, engaged as special transporters for you by the ZVK.

Daily reimbursement payments

You will receive daily reimbursement payments as a contribution to the expenses of your meals. If you are covered by disabled care, you and your companion, if any, will stay at the rehabilitation centre Revalidatie Centrum Curaçao. During your stay, the daily reimbursement payments do not apply for you and your companion. This is because the meals are arranged by the rehabilitation centre.
